

# CONTINUING EDUCATION POINT SYSTEM January 2018

## American Board of Optometry Maintenance of Certification

In addition to annual modules, you must earn 100 points of continuing education (CE) in each three-year MOC stage. CE must be entered on your Learning Plan page by December 31 of the final year of each three-year stage.

Activities can be added as individual courses or as a block of conference courses, e.g., "SECO 2015 (16 hours)."

**Note: All activities must occur during the reporting period for your current 3-year stage.**

### Category 1 Education (Minimum of 50 points; maximum of 100 points)

Live, in-person, continuing education lectures and workshops, live webinars and distance learning courses with examinations approved by a state optometry board, COPE or an ACOE accredited member of ASCO. Must receive a passing grade as determined by the course provider.

- Live lectures and workshops = 1 point per hour
- Online courses = 1 point per hour
- Journal Courses = 1 point per hour
- Live lecture with examination (CEE) = 2 points per hour

### Category 2 Activities (Maximum of 50 points)

There are no subcategory limits. Activities cannot count for duplicate credit. For example, if you are claiming points for fellowship in the American Academy of Optometry, a case report used in the FAO process cannot be claimed.

#### **A. Presentation of educational activities at schools and colleges of optometry**

accredited by the Accreditation Council on Optometric Education (ACOE), or medical schools approved by the Liaison Committee on Medical Education (LCME).

Lectures or Grand Rounds = 1 point per hour

#### **B. Educational and scientific activity portions** of hospital meetings; national, regional, state or local optometric or medical meetings; or grand rounds **not approved by COPE or a state board**. *Note: This can include advertorial presentations such as those by CL or pharmaceutical companies.*

Lectures or Presentations = 1 point per hour

#### **C. ABO-authorized quality improvement activities**

Record review using validated format provided by employer = 1 point per 10 records

Peer evaluation using validated format provided by employer = 5 points

Documented point-of-care learning (e.g., surgical observation) = 1 point per hour

## **D. Higher Education programs**

Programs by a university or college that are designed to enhance a participant's instructional, research, administrative, or clinical knowledge and skills.

Residency Program = 50 points

Professionally related advanced degree (e.g., MPH, PhD in vision science, or MBA) = 50 points

### **Other education programs:**

Clinical fellowship program or fellowship in AAO, COVD, NORA, CLSA, SLS, other\* = 50 points

Diplomate in American Academy of Optometry = 50 points

\* Other fellowships may be approved by ABO if the program meets stringent requirements.

## **F. Scholarly activities**

### **Development of assessment tools and guidelines:**

ABO Self-Assessment (SAM) or Performance in Practice (PPM) Modules = 5-20 points

Item development for ABO or NBEO examinations = 5-20 points

Service on AAO oral examination committee = 10 points per year

Service on AOA Evidence-Based Optometry committee = 10 points per guideline

### **Teaching health-care students or health-care professionals:**

Clinical education of residents in an accredited residency program and interns or externs in their fourth year clinical rotations = 5 points per quarter or trimester

**Review and editing of manuscripts for publication** in a peer-reviewed optometry, medical or scientific journal:

Service as journal editor = 20 points per year

Service on journal review board = 5 points per year

**Publication of a clinical, review or research article** in a peer-reviewed optometry, medical or scientific journal:

Original research, first author = 20 points

Original research, second author = 10 points

Review, first author = 10 points

Clinical case, first author = 10 points

**Presentation at scientific portions of meetings** such as the American Academy of Optometry, SECO, GWCO, or AOA Optometry's Meeting®:

Scientific paper presentation = 5 points

Scientific poster presentation = 5 points

Grand rounds case presentation = 2 points

### **Development of a COPE approved CE course:**

Original content development per approved course = 5 points

**Expanded Scope of Practice Certification** such as Injection Skills Examination = 5 points

### **Examples of Activities that do not qualify for MOC points:**

VOSH or other mission trips

Lectures or speeches to community groups

Education activities at primary/secondary schools, undergraduate colleges or non-doctoral level program (e.g. optician, ophthalmic technician, or nursing programs)

Services on boards, such as state boards or AOA boards

Shadowing or observation by students that is not a part of a formal education program
